

# REOPENING - PROTOCOLS

The Salt Foot Sanctuary has developed enhanced protocols that exceed The Mandatory and Best Practices of Virginia's Safer at Home: Phase One; while maintaining our high standards of providing an authentic & relaxing experience with exceptional guest service.

- Screening for COVID-19 symptoms is mandatory for all guests and therapists prior to entering the sanctuary space. Information regarding symptoms and safer practices are posted.
- Guests and therapists are required to wear a mask while in the sanctuary space; we have masks available, or if you prefer you may wear your own.
- Your therapist will meet you outside our reception area to complete your intake and escort you into the sanctuary to begin your experience with a hand washing ritual.
- Singles or couples will have the sanctuary to themselves and the focused massage will be our signature "feet and legs," for physical distancing purposes.
- A medical-grade air purifier has been added to filter and freshen the air in the sanctuary.
- We have increased time between guests to allow for enhanced sanitation with reduced staff and our sanctuary hours have been increased to 7 days a week by appointment to reduce the number of guests each day, while still accommodating requests.
- Request an appointment time online at [SaltFootSanctuary.com](https://SaltFootSanctuary.com) and our receptionist will call to confirm and begin your intake remotely, this will allow us to prepare your customized treatment prior to your arrival and answer any questions. You can also call (540) 853-8275 to schedule.
- Touchless payment options are: 1) the credit card provided to reserve your appointment will be used to pay for your service, or 2) hotel guests can conveniently bill their treatment to their room.
- We encourage guests who are at higher health risks to please remain patient during this initial phase of reopening, we look forward to seeing you when the time is right.
